UPDATE Covid-19 Test Reports 08/10/2020

TOTAL 6 - POSITIVE COVID-19 – All In Recovered Stage

Yakutat Incident Command received confirmation from Yakutat Community Health Center (YCHC) and the State of Alaska DHSS that Yakutat has had a total of 6 Covid-19 cases, 5 Residents & 1 is a nonresident. As of today, all are considered to be in the recovered stage of Covid-19 infection diagnosis. I have not been informed of any new cases for Yakutat.

Those in Direct Contact with a Positive Covid-19 person.

Those determined to have been in direct contact with a Positive Covid-19 individual have State Guidelines to follow to Self-Quarantine and monitor themselves. A person determined to be a close contact that are quarantined and have not had symptoms or a follow up Covid-19 tests shall continue their quarantine as directed by the State or informed by Yakutat Clinic Staff. Those who have symptoms or have further concerns please contact the Yakutat Community Health Clinic for follow-up.

If anyone is showing signs and symptoms of Covid 19 call the Covid Hotline at 784-3010 during YCHC business hours. Otherwise self-quarantine and contact YCHC for directions of how they will address your needs. If you are in need of immediate medical attention please call 911 and inform the person answering the phone that it may be Covid related. Any person that is positive Covid-19 or has had direct contact with a positive Covid-19 patient: WILL BE REQUIRED TO FOLLOW THE CDC & STATE OF ALASKA GUIDELINES. TESTING AND QUARANTINE UNTIL RESULTS OR SELF QUARANTINE FOR UP TO 14 DAYS or any other guideline requiring a longer isolation. You can find information at covid19@alaska.gov.

**The Covid-19 IC would like to thank all that have followed
the State of Alaska guidelines to stop the spread of Covid-19.**

FOOD FOR THOUGHT

**IF YOU CANNOT LIST ALL THE PEOPLE YOU HAVE HAD
CONTACT WITH WITHIN THE LAST WEEK YOUR
PERSONAL BUBBLE IS TOO LARGE FOR COVID-19.**

Dr. Zink, State of Alaska HSS
